11 February 2015

Welcome to Gas Industry Co's News Bulletin, an advisory issued periodically to draw attention to new consultations, workstream developments, publications and presentations.

REMINDER:

Invitation to Release of a new Report: *Possible Commercialisation Options for New Gas Discoveries*

Gas Industry Co will be releasing a new report commissioned from Concept Consulting *Possible Commercialisation Options for New Gas Discoveries* on 18 February.

The report assesses the merits of various commercialisation options in the medium and long term. It supplements Concept Consulting's September 2014 [Long-Term Gas Supply and Demand Options](#) and adds to Woodward Partners' May 2014 discussion paper, [Commercialisation Issues, Opportunities and Challenges in the Event of Substantive Gas-Rich Exploration Success](#)

Simon Coates of Concept Consulting will be presenting the key findings of the report. Details are:

Date: Wednesday, 18 February 2015

Time: 11.00am - Midday

Location: Gas Industry Co Offices, Level 8, The Todd Building, 95 Customhouse Quay, Wellington

COMMENTS INVITED:

Gas Quality: Requirements and Procedures

Gas Industry Co has published a draft of *Gas Quality: Requirements and Procedures*, an overview of the various requirements pertaining to gas quality and how those requirements are fulfilled by parties in the gas supply chain. This document is the latest draft of what was previously entitled the *Gas Quality Information Protocol*, and incorporates a number of changes arising from stakeholder feedback on that document.

The report is being released for further industry comment by Friday 13 March, after which it will be finalised.
