Options for Improvement Paper 2 – Analysis of Submissions

Gas Industry Co has prepared an Analysis of Submissions on *Transmission Access; Options for Improvement #2* (OP2) following consultation which closed on 22 June. Ten submissions were received.

OP2 seeks to refocus attention on the underlying issues that gave rise to the Gas Transmission Investment Programme (GTIP) and the subsequent recommendations by the Panel of Expert Advisers (PEA) that the transmission codes should be harmonised in order to improve transmission access and pricing arrangements.

Maui AQ Paper – Analysis of Submissions

Gas Industry Co has published an Analysis of Submissions on *Proposed Maui AQ Product* (Maui AQ Paper). Consultation closed on 24 April with 10 submissions received. The Submissions Analysis was prepared for Gas Industry Co by Concept Consulting, which also produced the Maui AQ Paper.

The Maui AQ Paper also forms part of the GTIP. The Maui AQ Product is provided for in the Maui Pipeline Operating Code (MPOC) and would give shippers priority to have gas transported in the event of capacity constraints. Ascribing the AQ Product with detailed terms and conditions was among the initial changes identified in Gas Industry Co's Options Paper 1 as capable of being addressed immediately.
