Dear Ian

## MPOC Amendment Process Change Request (APCR) 24 April 2015

---

Genesis Energy Limited welcomes the opportunity to provide a submission to the Gas Industry Company ("the GIC") on the consultation paper "MPOC Amendment Process Change Request (APCR) 24 April 2015".

We support the proposed amendments to the change request process. The code change will closely align the VTC and MPOC change request process and is a step toward code convergence. We agree with Mighty River Power that the change request as drafted will promote an inclusive and collaborative code change process and enable the GIC to provide input at the design stage of the change process.

If you would like to discuss any of these matters further, please contact me on 04 830 0013.

Yours sincerely
