26 May 2009

Dear Ian,

**Submission on Maui Pipeline Operating Code ("MPOC") Change Request
By Maui Development Limited ("MDL") on 12 May 2009**

The Gas Industry Co has called for submissions on MDL's proposed amendments to the MPOC as set out in an application dated 12 May 2009 (the "Change Request").

On Gas Limited ("On Gas") welcomes the opportunity to submit its views on the Change Request.

On Gas has sufficiently reviewed the proposed amendments to section 1 of the MPOC as well as the supporting change request detail. On Gas supports the Change Request as we believe the amendments suggested will result in a positive outcome.

In On Gas' view, the Proposed Amendment 1, to change the current definition for the "Payback Point" to allow it to be used as either a Receipt Point or Delivery Point for the purposes of making Approved Nominations of Put and Call Gas by the Balancing Agent in OATIS is a fair and reasonable request. Further, On Gas agrees with MDL's assessment of benefits of the Proposed Amendment outlined in Change request detail (e) (i-iii) and On Gas can foresee no negative consequences with this Proposal.

If you have any further questions regarding the above, please contact me at a.carrick@vector.co.nz or at 04 803 9044.

Kind regards

A handwritten signature in blue ink, appearing to read "Anna Carrick".
