Dear Pamela

Submission on Special Allocations to Replace Initial with D+1 Allocation Results

Genesis Energy Limited welcomes the opportunity to provide a submission to the Gas Industry Company ("GIC") on the consultation paper "Special Allocations to Replace initial with D+1 Allocation Results" (the Paper) dated 10 August 2015.

We are comfortable with the trial proposal as outlined in the Paper. Having said this, we would want to be consulted with again on any revision of the rules required should the GIC proceed with implementing D + 1 as standard.

I will be leaving Genesis Energy shortly so if you would like to discuss any of these matters further, please contact Jeremy Stevenson-Wright on 04 495 3340.

Yours sincerely

Rebekah Plachecki
Regulatory Advisor
