

eMail received by Gas Industry Co at 9.36am on Tuesday, 11 April

Vector supports Option 5 for the retail levy, a fixed charge on ICP's. Our reasons are outlined in the earlier consultation on this issue.

Vector would also support any move toward basing the wholesale levy on more up to date gas volumes as opposed to gas volumes from a previous quarter. The difficulty created through back dated volumes applied to current customers is proving to be an administrative difficulty.

We would be happy to discuss this with you further should you require it.

Kind regards

Ewan Gebbie
