The Service Provider must do its best to avoid situations that may lead to a Conflict of Interest arising. The Service Provider must tell the Industry Body immediately, and in writing, if any Conflict of Interest arises. If a Conflict of Interest does arise the parties must discuss, agree and record in writing whether it can be managed and, if so, how it will be managed. Each Party must pay its own costs in relation to managing a Conflict of Interest.

### 3.7 **The Service Provider Personnel**

- (a) The Service Provider is responsible for any act or omission of its Personnel as if it were an act or omission of the Service Provider.
- (b) The Service Provider will ensure that its Personnel comply with all policies, procedures and codes of conduct notified to the Service Provider by the Industry Body from time to time, including those dealing with conduct, security and confidentiality and those with which the Industry Body's own employees are required to comply at the relevant time (**Notified Policies**), except to the extent the Notified Policies:
  - (i) conflict with a provision of the Agreement; or
  - (ii) materially increase the Service Provider's costs of providing a Service (provided the Service Provider requested a Contract Variation to compensate it for those additional costs within 1 month of being notified of the Notified Policy).

- (c) The Service Provider will notify the Industry Body immediately on becoming aware of any non-compliance with the Industry Body's policies, requests or instructions by any of its Personnel. The Industry Body may at any time, on reasonable grounds, request that the Service Provider removes any of its Personnel from provision of any or all of the Services or Deliverables, and the Service Provider will immediately comply with that request unless it can demonstrate that the removal of the Personnel will have a material and detrimental effect on the Service Provider's ability to perform the Services (in which case the parties will use all reasonable endeavours to promptly agree a satisfactory way to resolve the situation).

### 3.8 Subcontracting

- (a) The Service Provider may appoint a subcontractor to perform any of the Service Provider's responsibilities under the Agreement provided the subcontract is only for goods or services that are incidental to, or do not otherwise represent a material part (in quantity or significance) of, the Service Provider's obligations under the Agreement. All other subcontracts of the Service Provider's responsibilities under the Agreement (**Material Subcontracts**) may only be entered into if the Service Provider obtains the Industry Body's prior written consent. The following subcontractors are approved by the Industry Body to undertake Material Subcontracts, provided the services subcontracted to such subcontractors are limited to the services of the type they are providing as at the date on which the 2024 Variation is signed by both parties:
  - (i) DXC;
  - (ii) Fronde; and
  - (iii) YouDo.
- (b) In respect of each Material Subcontract, the Service Provider must ensure that:
  - (i) the subcontract is approved by the Industry Body in writing, on such conditions as the Industry Body reasonably requires; and
  - (ii) the Subcontractor is fully aware of the Service Provider's obligations under the Agreement to the extent necessary in order for the Subcontractor to properly perform its obligations.
- (c) In order to obtain the Industry Body's consent to any Material Subcontract under subclause (b), the Service Provider will first provide to the Industry Body:
  - (i) the name, qualifications and experience of the proposed Subcontractor;
  - (ii) a description of the obligations to be subcontracted and the Services affected; and
  - (iii) a description of the material terms of the subcontract (other than the price).
- (d) If, in the Industry Body's reasonable opinion, any Subcontractor:
  - (i) is not performing in accordance with the requirements of the Agreement:
    - (A) The Industry Body may, by notice to the Service Provider, require the Service Provider to procure that the Subcontractor performs the relevant obligations within 10 Business Days; and
    - (B) if, following that 10 Business Day period, the Industry Body is not satisfied that the Subcontractor's non-performance has been rectified it may, by notice to the Service Provider, require the Service Provider to immediately remove that Subcontractor from the performance of Services, and the Service Provider will immediately comply with that request unless it can demonstrate that the removal of that

Subcontractor will have a material and detrimental effect on the Service Provider's ability to perform the Services (in which case the parties will use all reasonable endeavours to promptly agree a satisfactory way to resolve the situation); or

- (ii) has caused the Service Provider to breach any obligation of confidentiality or security owed to the Industry Body, or if the Industry Body otherwise considers that the Subcontractor is a material threat to the health, safety or security of the Personnel or property of the Industry Body or any Allocation Participant or User, the Industry Body may, by notice to the Service Provider, require the Service Provider to immediately remove the relevant Subcontractor.
- (e) Subcontracting (whether material or not) will not in any way relieve the Service Provider of any obligations or liability under the Agreement, and the Service Provider will be responsible and liable for all acts and omissions of each Subcontractor in connection with any subcontracted activities as if they were acts or omissions of the Service Provider.

### **3.9 Co-operation with Other Suppliers**

The Service Provider will work co-operatively and collaboratively with all Other Suppliers including by:

- (a) providing Other Suppliers with reasonable access to the Allocation System if reasonably required for them to provide services to the Industry Body;
- (b) providing Other Suppliers with such information and assistance as the Industry Body or the Other Suppliers reasonably request, but only to the extent the Other Supplier would be unable to effectively and efficiently provide their services to the Industry Body without such information or assistance; and
- (c) following the Industry Body's reasonable directions as to the division of responsibilities in relation to the discharge of the Service Provider's and/or the Other Suppliers' respective obligations.

### **3.10 Inherent Services**

If any services, functions, responsibilities, activities or tasks are not specifically described or included within the definition and description of the Services but now or in the future are required to perform the Services because they are a necessary, inherent or incidental part of the Services they will, to the extent that it is reasonable to do so, be deemed implied by, and included in, the scope of the Services, as if described in the Agreement.

## **4 INDUSTRY BODY RESPONSIBILITIES**

### **4.1 Industry Body Assistance**

In addition to its other obligations under the Agreement, the Industry Body will:

- (a) provide the Service Provider with all information reasonably requested by it to enable it to provide the Services and Deliverables;
- (b) give the Service Provider reasonable access to the Industry Body's Personnel, to liaise with the Service Provider's Personnel in relation to the Services; and
- (c) reasonably co-operate with the Service Provider in relation to the performance of the Services.

### **4.2 The Service Provider Exclusions**

A failure by the Service Provider to perform or observe any of its obligations under the Agreement will not constitute a breach of the Agreement to the extent that the failure is caused by:

- (a) the Industry Body breaching any of its obligations under the Agreement; or
- (b) the Service Provider relying on written information provided by the Industry Body, but only to the extent that such reliance is reasonable in the circumstances, taking into account the roles and responsibilities of the Service Provider contemplated in the Agreement,

except, in each case, where that failure could reasonably have been prevented or overcome by the Service Provider through due diligence or the proper performance of its obligations under the Agreement.

## **5 CHARGES AND PAYMENT**

### **5.1 Total Charge**

The Industry Body will pay the Charges to the Service Provider in accordance with this clause 5. Except as expressly provided in the Agreement or otherwise agreed by the parties, the Service Provider will not be entitled to any additional payment for the provision of the Services or Deliverables, the granting of any rights under the Agreement, and/or the performance of any other activities in connection with the Agreement.

### **5.2 Invoicing and Payment**

The Service Provider will invoice the Charges in accordance with clause 8.1 of the On-Going Service Description, and will ensure that each such invoice must include all taxable supply information as defined in the Goods and Services Tax Act 1985. Subject to clause 5.6, each such invoice received by the Industry Body on or before the fifth Business Day of a month, will be paid by the Industry Body on or before the 20<sup>th</sup> of that same month. If the Service Provider fails to provide the Industry Body with an invoice for any Charge within 6 months of the agreed date for invoicing, the Service Provider is deemed to have waived any right to payment for that Charge.

### **5.3 Effect of Payment**

Payment of an invoice will be taken only as payment on account and is not evidence or an admission that any Service or Deliverable has been supplied in accordance with the Agreement or otherwise accepted by the Industry Body, nor an admission of liability or concession to any claim in respect of the invoice, its subject matter or any aspect of the Agreement or the parties' relationship under it.

### **5.4 Supporting Documentation**

The Service Provider will include sufficient details in each invoice to enable the Industry Body to identify:

- (a) the particular Deliverables and Services which are the subject of the invoice, and the Charges for each such Deliverable and/or Service;
- (b) in respect of any Charges made at the T&M Rates, the relevant times and rates upon which the Charge is based, and each of the Service Provider's Personnel who performed the work, the hours worked and charge-out rate;
- (c) in respect of any Charges which may be charged upon completion of any milestone, details of the milestone and its achievement;
- (d) full details of any approved expenses incurred, together with copies of GST invoices; and
- (e) separately for each charged item, sums due in respect of GST.

### **5.5 Taxes**

The Industry Body will pay GST in respect of all taxable supplies made by the Service Provider to the Industry Body under the Agreement. All other Government taxes, duties, imposts and levies assessed or levied on the Service Provider in relation to the Agreement (including penalties thereon) are hereby deemed to be included in the Charges.

## 5.6 **Disputed Invoices**

If the Industry Body has a bona fide dispute in relation to all or any portion of an invoice submitted by the Service Provider, the Industry Body may:

- (a) withhold payment of the amount subject to the dispute, provided that the Industry Body must:
  - (i) advise the Service Provider of the dispute on or before the payment date for that invoice;
  - (ii) pay the undisputed amount when it becomes due and payable in accordance with the terms of the Agreement; and
  - (iii) provide full details about the disputed amount and the reasons for withholding payment; or
- (b) dispute any part of the invoice after it has been paid, by providing full details about the disputed amount and the reasons for the dispute.

The Service Provider will continue to perform its obligations under the Agreement notwithstanding the dispute.

## 5.7 **The Industry Body May Withhold Payment**

Without prejudice to the Industry Body's other rights and remedies, and notwithstanding anything else in the Agreement, if the Service Provider is in breach of the Agreement, the Industry Body may withhold payment of a part or all of the Charges due to the Service Provider, so long as the withheld part relates to the Services in respect of which the Service Provider is in breach of the Agreement, is reasonably proportional to the seriousness of the breach and is paid to the Service Provider within 5 Business Days of the breach being remedied by the Service Provider to the reasonable satisfaction of the Industry Body.

## 6 **AUDIT**

In addition to the Industry Body's right to audit the Service Provider under the Rules, the Industry Body may audit the Service Provider, in accordance with Part 4 of the Rules and either together with or separately from any other audit under that Part, for the purpose of:

- (a) auditing the accuracy of the Service Provider's invoices under the Agreement and/or the Service Provider's reporting of its performance against the Service Levels and other performance standards under the Agreement; and/or
- (b) otherwise allowing the Auditor to satisfy itself that the Service Provider is complying with its obligations under the Agreement.

## 7 **RECORDS AND INFORMATION**

### 7.1 **Recordkeeping**

The Service Provider will keep full, true and up-to-date accurate records, books of account and documentation in relation to all material aspects of its activities under the Agreement, the Services, the Deliverables, and the Charges, to a level of detail, completeness and accuracy consistent with Good Practice. The Service Provider will retain the same for not less than 3 years after the end of the Term.

### 7.2 **Access to Other Information**

- (a) Without limiting the Service Provider's obligations elsewhere in the Agreement, the Service Provider will provide the Industry Body or its duly authorised agents (as the case may be) with any documentation, information and explanations requested by the Industry Body on reasonable notice, regarding the Services and Deliverables and/or any invoice issued under the Agreement, provided that this will not oblige the Service Provider to disclose any material that is legally privileged or that shows its cost structure or margins, or any information that is confidential to the Service

Provider's other customers or suppliers (although the Service Provider will use reasonable endeavours to obtain permission from those customers or suppliers to disclose such information to the Industry Body, where specially requested by the Industry Body).

- (b) Where the amount of work required of the Service Provider in order to collate and/or provide information under subclause (a) will exceed four hours in respect of any one request, the Service Provider will provide the Industry Body with a quote for the reasonable costs required for that purpose, and will provide the information if the Industry Body agrees to reimburse the Service Provider for those costs in accordance with that quote. To avoid doubt, this subclause (b) will not entitle the Service Provider to charge for providing information where the Service Provider is already obliged to do so under another provision of the Agreement.

## **8 CONFIDENTIALITY**

### **8.1 Agreement not Confidential**

The Service Provider acknowledges that the Industry Body must publish the Agreement under rule 8 of the Rules (accordingly the Agreement is not Confidential Information).

### **8.2 Confidential Information**

Subject to clause 8.3, each party will keep the other party's Confidential Information in the utmost confidence, and will:

- (a) not use or disclose that Confidential Information except as permitted by the Agreement; and
- (b) take all action reasonably necessary to secure the Confidential Information against theft, loss or unauthorised disclosure.

### **8.3 Permitted Use and Disclosure**

Clause 8.2 will not prohibit:

- (a) either party from using or disclosing any information:
  - (i) with the express prior consent of the other party;
  - (ii) that has become generally known to the public other than through a breach of the Agreement;
  - (iii) that is or came lawfully into its possession independently of its dealings with the other party, except where the receiving party knew or ought to have known that its receipt of the information resulted from a breach by another person of an obligation of confidence; and/or
  - (iv) that it independently developed without reference to the other party's Confidential Information;
- (b) either party disclosing information to:
  - (i) its Personnel with a need to know, to be used to enable that party to perform its obligations or take the intended benefit of its rights under the Agreement, so long as the disclosing party informs such Personnel of the confidential nature of that information and makes a written record of doing so; or
  - (ii) its professional advisors if such disclosure is necessary for the purposes of receiving professional advice and those professional advisors are subject to a duty of confidentiality that covers that information;
- (c) disclosure compelled by Law;

- (d) disclosure by the Service Provider to the extent necessary to comply with the rules of any exchange on which the securities of the Service Provider or any of its Related Companies are listed or quoted; or
- (e) disclosure by the Industry Body of technical and/or operational information describing the Services and Deliverables, for the purpose of enabling a third party to offer or supply goods or services to the Industry Body, so long as that third party gives the Industry Body an undertaking that it will not use that information or those materials for any other purpose, and will destroy or return that information to the Industry Body once it is no longer required for that purpose.

#### 8.4 **Media and Marketing**

- (a) The Service Provider will consider any potential media issues that may arise in relation to the supply of the Services, and provide the Industry Body with reasonable notice of any such potential media issues.
- (b) Neither party will make any public announcement about the Agreement, the Services, the Deliverables or its relationship with the other party or any Allocation Participant without first obtaining the other party's approval of the announcement and its content (not to be unreasonably withheld), except that:
  - (i) the Industry Body may make public announcements about any Allocation Participant; and
  - (ii) either party may make public announcements:
    - (A) as required by Law;
    - (B) about the Service Provider being the Allocation Agent under the Agreement.

### 9 **INTELLECTUAL PROPERTY**

#### 9.1 **Default Ownership**

Except to the extent this clause 9 provides otherwise, nothing in (or done in connection with) the Agreement will confer on any party any rights, interest or title in any Intellectual Property created, acquired or provided by another party in connection with the Agreement.

#### 9.2 **Ownership of New Developments**

Subject to the Confidentiality Deed, exclusive ownership of and title to all Intellectual Property in the Deliverables (including the Application, Website, scripts for the configuration and implementation of the Allocation System in the hosting environment and Application Data) that is developed by the Service Provider or its Personnel or Subcontractors under the Agreement will vest immediately and directly in the Industry Body upon its creation. To the extent ownership does not so vest, the Service Provider irrevocably assigns such Intellectual Property to the Industry Body.

#### 9.3 **Licence to the Service Provider**

Except to the extent the Industry Body and the Service Provider agree otherwise in writing, the Industry Body grants to the Service Provider:

- (a) a non-exclusive, non-transferable licence for the duration of the Term to use, operate, maintain, enhance and modify any Intellectual Property provided to the Service Provider by the Industry Body in the course of the Agreement:
  - (i) provided the Service Provider does not sublicense or provide any such Intellectual Property to any third party, other than in accordance with subclause (b);
  - (ii) to the extent necessary to provide the Services and Deliverables and to perform its role as Allocation Agent; and

- (iii) subject to any restrictions which the Industry Body reasonably notifies to the Service Provider from time to time.
- (b) the right to sublicense the licence in subclause (a) to Subcontractors, provided that, before providing a Subcontractor with any Intellectual Property under this sublicense, the Service Provider first ensures that a Subcontractor is subject to confidentiality undertakings in favour of the Service Provider no less onerous than those contained in the Confidentiality Deed.

#### 9.4 **Licence to the Industry Body**

Except to the extent the Industry Body and the Service Provider agree otherwise in writing, the Service Provider grants to the Industry Body a non-exclusive, perpetual, irrevocable and sublicenseable licence to use, operate, maintain, enhance, copy, modify and distribute any Intellectual Property in the Deliverables, other than Intellectual Property:

- (a) owned or provided under the Agreement by the Industry Body; or
- (b) owned by NZX Limited under the Confidentiality Deed.

#### 9.5 **Moral Rights**

The Service Provider waives, and will use its best endeavours to ensure that its Personnel and Subcontractors will have waived prior to their creation, all "moral rights" in each Deliverable, other than "moral rights" forming part of their pre-existing Intellectual Property in that Deliverable.

#### 9.6 **Further Assurances**

Each party undertakes at its own expense to execute and deliver any document and to do all things as may reasonably be required in order to assist, in respect of matters within that party's control, the other party to obtain the full benefit of this clause 9 according to its true intent. This includes assisting the Industry Body to register itself in any country as proprietor of any Intellectual Property vested in or assigned to the Industry Body under the Agreement, and to perfect the Industry Body's title to any such Intellectual Property.

#### 9.7 **Trade Marks**

Neither party will use any trade mark owned by the other party, except as expressly provided in the Agreement, without first obtaining the other party's consent. This clause does not prevent either party identifying the other party by name.

### 10 **IP WARRANTY AND INDEMNITY**

#### 10.1 **The Service Provider Warranty**

The Service Provider warrants that:

- (a) the Services and Deliverables will not infringe the Intellectual Property of any third party, except where such infringement arises directly from:
  - (i) the Industry Body's breach of the Agreement;
  - (ii) any Allocation Participant's breach of any Website terms of use agreed in writing between the parties; or
  - (iii) Intellectual Property as provided to the Service Provider by the Industry Body under the Agreement (eg in relation to the Application and Website, this subclause only includes those items as they were at the Commencement Date); and
- (b) it has obtained and/or will make available to the Industry Body all licences, clearances, consents and authorisations necessary for the use of the Services and Deliverables in accordance with the Agreement, other than licences from third parties.

## 10.2 **IP Indemnity**

The Service Provider will:

- (a) indemnify and hold the Industry Body harmless against all Loss relating to; and
- (b) at its cost defend or settle,

any claim, suit, action or proceeding (in each case, an **Action**) brought by a third party (including any Allocation Participant) against the Industry Body, to the extent that the Action alleges circumstances which, if substantiated, would involve a breach of the warranty in clause 10.1, provided the amount the Service Provider is required to pay under this clause in connection with any Action will be reduced to the extent the Industry Body contributed to such amount by failing to comply with clause 10.3.

## 10.3 **Defending Actions**

For the purposes of this clause 10, the Industry Body will:

- (a) co-operate fully with the Service Provider (at the Service Provider's cost) in defending or settling the Action and make its relevant Personnel available to give statements, advice and evidence as the Service Provider may reasonably request;
- (b) notify the Service Provider promptly on becoming aware of any Action and give the Service Provider complete authority and, to the extent it is legally and contractually able to do so, information required for the conduct of the defence or settlement of the Action; and
- (c) allow the Service Provider sole control of the conduct of any Action and all negotiations for its settlement or compromise, provided that:
  - (i) the Service Provider will consult with the Industry Body on all negotiations and proceedings relating to the Action;
  - (ii) in conducting all negotiations and proceedings relating to the Action, the Service Provider will take into consideration the reasonable requirements of the Industry Body; and
  - (iii) the Industry Body may (at its own cost) be represented at all negotiations and proceedings relating to the Action.

## 10.4 **Remedy of Infringement**

As soon as reasonably practicable upon receiving notice of an Action the Service Provider will, at no cost to the Industry Body, and without any disruption to the provision of the Services:

- (a) modify the relevant Intellectual Property so that there is no infringement;
- (b) if such modification is not reasonably technically, legally and commercially practicable, obtain a licence for the relevant Intellectual Property; or
- (c) if neither of the above alternatives is reasonably technically, legally and commercially practicable, provide and implement reasonably equivalent Intellectual Property to replace the relevant Intellectual Property.

# 11 **REMEDIAL PLANS**

## 11.1 **Performance Issues**

Without limiting the Industry Body's rights or remedies, if at any time the Industry Body considers in good faith that the Service Provider has committed a Serious Breach, the Industry Body may, provided the Service Provider is actually in breach of the Agreement in that respect, require the Service Provider to prepare a plan to remedy the breach by giving the Service Provider written notice (each a **Performance Notice**):

- (a) setting out details of the breach and the reasons why the Industry Body considers it to be a Serious Breach; and
- (b) advising that the Service Provider will be in Serious Breach unless it provides the Industry Body with a proposed Remedial Plan for the breach in accordance with clause 11.2 (Remedial Plan).

To avoid doubt, the provisions of this clause 11 (Remedial Plans) do not limit or affect:

- (i) the Industry Body's ability to allege that the Service Provider has breached the Rules; or
- (ii) the standalone effect of paragraph (d) of the definition of "Serious Breach" (which relates to a wilful breach by the Service Provider of its obligations under the Agreement in relation to the Industry Body's Intellectual Property or Confidential Information).

#### 11.2 **Agreeing the Remedial Plan**

- (a) As soon as possible, and in any event within ten Business Days or such longer period as the Industry Body agrees (with such agreement not to be unreasonably withheld), after receiving a Performance Notice the Service Provider will, in consultation with the Industry Body, prepare and provide the Industry Body with a proposed plan (each a **Remedial Plan**) describing:
  - (i) the breach (including where possible its root causes, expected duration and impact on the Service Provider's obligations under the Agreement); and
  - (ii) a plan for eliminating the breach, mitigating its effect on the Industry Body and preventing it from reoccurring (including dependencies, assumptions, risks, resources, deliverables, milestones, tasks and success criteria).
- (b) The Service Provider will promptly, and in any event within two Business Days of a request by the Industry Body, make such amendments to the proposed Remedial Plan as the Industry Body may reasonably require.

#### 11.3 **Determining the Remedial Plan**

If the parties have not for any reason agreed the Remedial Plan within 20 Business Days of the Service Provider receiving the Performance Notice, the Industry Body may refer the matter to Expert Determination. If the Dispute is so referred to Expert Determination, the following will apply in addition to clause 15.4 (Option for Expert Determination):

- (a) each party's written submissions to the expert under subclause 15.4(b)(iii) must include the Remedial Plan it proposes (each an **Offer**). Each party's Offer may be amended by that party, on written notice received by the expert before his/her final and binding determination.
- (b) the expert will choose the Offer that the expert considers is the fairest, and must not "split the difference" between each Offer. The fairness of an Offer will take into account:
  - (i) the impact of the breach on the Industry Body and Allocation Participants; and
  - (ii) the practicality of avoiding that impact; and
  - (iii) any other relevant matter.

#### 11.4 **Implementation**

Once the Industry Body has approved the Remedial Plan in writing or the Remedial Plan has been determined under clause 11.3, the Service Provider will implement the Remedial Plan

in accordance with its terms and the Agreement. The Service Provider will be deemed to be in Serious Breach if it does not remedy the breach in accordance with the Remedial Plan.

**11.5 Possibility of Null Remedial Plan**

For the avoidance of doubt, if the Service Provider reasonably considers that:

- (a) there has been no breach; or
- (b) no steps are required to mitigate or prevent reoccurrence of the breach,

the Service Provider's proposed Remedial Plan and Offer in relation to that breach may be to do nothing.

**12 LIABILITY**

**12.1 Exclusion of Liability**

Neither party will under any circumstances be liable to the other for any:

- (a) Indirect or Consequential Loss; or
- (b) loss of profits, turnover, business opportunities or damage to goodwill (whether direct or indirect).

**12.2 Service Provider's Limitation of Liability**

Subject to clause 12.1 and any limitation of liability provided by the Rules, the total aggregate liability of the Service Provider under or in connection with the Agreement will not in any circumstances exceed \$2,000,000 (subject to Indexation at the date the latest damages are paid), provided that the Service Provider's liability is not limited under this clause in relation to:

- (a) physical property damage;
- (b) malicious or fraudulent acts or omissions of the Service Provider;
- (c) breach of clauses 8 (Confidential Information) or 9 (Intellectual Property); or
- (d) the indemnity in clause 10.2 (IP Indemnity).

**12.3 Industry Body's Limitation of Liability**

Subject to clause 12.1, the total aggregate liability of the Industry Body under or in connection with the Agreement will not in any circumstances exceed \$500,000 (subject to Indexation at the date the latest damages are paid), provided that the Industry Body's liability is not limited under this clause in relation to:

- (a) physical property damage;
- (b) malicious or fraudulent acts or omissions of the Industry Body; or
- (c) breach of clauses 8 (Confidential Information) or 9 (Intellectual Property).

**12.4 Scope of Exclusions and Limitations**

Except to the extent that the provisions of this clause 12 expressly provide otherwise, the limitations and exclusions in this clause 12 will apply to all Loss however it may arise (including as a result of the first party's or any third party's performance, non-performance or delay in performance), regardless of the cause of the Loss or whether the other party had been advised of the possibility of the Loss, and irrespective of the legal basis for recovery of that Loss (whether under the law of contract, equity or tort (including negligence), under statute, or on any other legal basis).

## 13 INSURANCE

### 13.1 Types and Amounts of Coverage

The Service Provider will arrange and keep in force for the duration of the Agreement:

- (a) general third party liability insurance cover for an amount not less than \$10 million per event; and
- (b) professional indemnity insurance cover for an amount not less than \$2 million per event.

### 13.2 Specific Requirements

The Service Provider will:

- (a) within one month of the date of signing the 2024 Variation Effective Date, and on each anniversary of the 2024 Variation Effective Date, provide a certificate of insurance from its insurer certifying that the Service Provider has affected the insurance contemplated in clause 13.1 on the terms required by the Agreement;
- (b) ensure all insurance policies contemplated in clause 13.1 are placed only with reputable insurers, and on normal commercial terms;
- (c) comply with its obligations under each insurance policy contemplated in clause 13.1, and avoid any act or omission which might invalidate any of those policies;
- (d) promptly notify the Industry Body if at any time any insurance policy contemplated in clause 13.1 is cancelled or materially amended, or the premiums payable in respect of that policy are overdue; and
- (e) at the request of the Industry Body from time to time, provide the Industry Body with such evidence as the Industry Body may reasonably require in order to confirm that each insurance policy contemplated in clause 13.1 is in force, and that the Service Provider is complying with its obligations under clause 13.1 (Types and Amounts of Coverage).

## 14 FORCE MAJEURE

### 14.1 Non-Performance Excused

Subject to clause 14.2, non-performance by either party of any of its obligations under the Agreement (other than the Industry Body's obligation to pay the Charges) will be excused, without liability for non-performance, during the time and to the extent that such performance is prevented, wholly or substantially, by Force Majeure. Any fixed or periodic components of the Charges will be reduced by a reasonable proportion to reflect any reduction in the Services and Deliverables as a result of such Force Majeure affecting the Service Provider.

### 14.2 Notice

The party claiming the benefit of this clause 14 will, as soon as is practical and to the extent known to that party, give notice to the other party specifying:

- (a) the nature of the Force Majeure;
- (b) the extent of its inability to perform its obligations under the Agreement; and
- (c) the likely duration of such non-performance.

### 14.3 Mitigation

The party claiming the benefit of this clause 14 will:

- (a) take all reasonable steps to remedy or abate the Force Majeure and mitigate its effects on the other party;

- (b) keep the other party fully informed of such steps as have been taken and are planned;
- (c) meet its obligations under the Agreement as far as is practical given the Force Majeure; and
- (d) where the party claiming the benefit of this clause 14 is the Service Provider, refund or credit the Industry Body the Charges to the extent the Services were not provided as a result of the Force Majeure.

#### 14.4 **Alternative Supply**

Regardless of clause 3.4, the Industry Body may, after consulting with the Service Provider, make alternative arrangements to ensure performance of any of the Services during the period affected by Force Majeure and for a reasonable time afterwards, including by engaging alternative suppliers. If the Industry Body makes alternative arrangements, it does so at its own cost.

#### 14.5 **Resumption of Performance**

Performance of any obligation affected by Force Majeure will be resumed as soon as practicable.

### 15 **DISPUTE RESOLUTION**

#### 15.1 **Dispute Resolution**

All Disputes will be resolved in accordance with the Dispute Resolution Process, although nothing in the Dispute Resolution Process will:

- (a) prevent either party (**the Claimant**) seeking or obtaining any order or relief by way of injunction or declaration or other equitable or statutory remedy against the other party or any other person where the Claimant believes such order or relief is necessary for the urgent protection of the Claimant's rights or property; or
- (b) prevent either party's appeal or enforcement of any judgment or other order made by any court consequent upon that party's relevant application.

#### 15.2 **Dispute Notice**

In the event of a Dispute, either party may give notice (**Dispute Notice**) requiring that the Dispute be submitted to the Dispute Resolution Process.

#### 15.3 **Negotiations**

The parties will enter into negotiations to resolve the Dispute within 10 Business Days of the Dispute Notice being issued. Negotiations will be held as follows:

- (a) Promptly following the date of the Dispute Notice, negotiations will be held between the Business Owners.
- (b) If the Dispute is not resolved within 10 Business Days (or such longer period as the Business Owners may agree) of being referred to the Business Owners, either party may issue a notice referring the matter to the parties' respective Chief Executive, in which case each party will procure that its Chief Executive is available to meet promptly with a view to resolving the Dispute (which may include a meeting by audio-conference or video-conference).

Any agreement to resolve the Dispute that is negotiated in accordance with this clause will not be binding on either party until endorsed in writing by each of the officers, committees and/or boards whose authority is required pursuant to their respective legal and financial policies. Such endorsement will be at the absolute discretion of the relevant party. Negotiations to resolve the Dispute will be discontinued if a Mediation Notice or Arbitration Notice has been given in relation to the Dispute and either party subsequently notifies the other party that it wishes to discontinue negotiations.

#### 15.4 Option for Expert Determination

- (a) Either party may refer any Dispute to expert determination:
  - (i) if the Agreement provides that the Dispute is subject or referable to expert determination; or
  - (ii) the parties otherwise agree in writing to refer the Dispute to expert determination.
- (b) If the Dispute is referred to expert determination in accordance with subclause (a), the provisions of clauses 15.5 and 15.6 will not apply and instead the Dispute will be determined in accordance with the following process:
  - (i) The expert will be appointed by agreement between the parties or, failing agreement within 5 Business Days following its reference to expert determination, by the President of the New Zealand Law Society (or his or her nominee) who will be requested to appoint an expert who is suitably qualified and experienced in relation to the subject matter of the Dispute.
  - (ii) The expert will act as an expert and not as an arbitrator, and referral of the Dispute to the expert will not be a submission to arbitration for the purposes of the Arbitration Act 1996 and the provisions of that Act will not govern that referral.
  - (iii) Within 10 Business Days of the expert accepting the appointment, the parties will send initial written submissions on the Dispute to the expert and to each other and, within 5 Business Days of receiving the other party's submission, will submit any written replies they wish to make to the expert and to each other.
  - (iv) The expert will, unless the parties otherwise agree, be directed to deliver a draft written determination to the parties within 15 Business Days of receiving both parties' initial written submissions under subclause (iii). The parties will provide any feedback to the expert within 5 Business Days of receiving the draft determination. The expert will, unless the parties otherwise agree, be directed to deliver a final written determination to the parties within 10 Business Days of providing the draft determination to them under this subclause.
  - (v) Each party will give the expert all necessary assistance that the expert reasonably requires to determine the Dispute, including access to that party's Personnel and Confidential Information.
  - (vi) The expert will have the power to compel the parties to produce any information material to the Dispute which that party has in its possession and which that party could be required to produce on discovery in a court proceeding to the expert and to each other.
  - (vii) The expert's determination will be final and binding and, to the extent it is lawful to do so, the parties waive any right of appeal or review.
  - (viii) The expert will determine the proportion of the expert's fees that the parties will be required to pay, having regard to (amongst other things) the conduct of those parties, and those parties will pay the fees as determined by the expert.

#### 15.5 Option for Mediation

If the parties have been unable to agree a resolution to the Dispute within one month (or such longer period as the parties may agree or have agreed under clause 15.3) of the date of the Dispute Notice, either party may refer the Dispute to mediation by written notice to the other party (**Mediation Notice**). The mediation will be conducted as soon as possible in Wellington by a sole mediator and otherwise in accordance with the Resolution Institute standard mediation agreement. The mediator and their fee may be agreed by the parties.

Failing agreement between the parties within five Business Days of the giving of the Mediation Notice, the mediator will be selected, and the mediator's fee determined, by the chair of the Resolution Institute or nominee. The mediation will be discontinued if either party gives an Arbitration Notice as below.

**15.6 Arbitration**

If the Dispute has not been resolved within two months (or such longer period as the Chief Executives may agree) of the date of the Dispute Notice, then either party may issue a notice (**Arbitration Notice**) referring the Dispute to arbitration in accordance with this clause. Each Arbitration Notice will be regarded as a reference of the Dispute to arbitration in accordance with the Arbitration Act 1996 (**the Act**). Each such arbitration will be conducted on the following terms:

- (a) The place of arbitration will be Wellington, New Zealand.
- (b) The tribunal will consist of a sole arbitrator, to be appointed by agreement of the parties, but if the parties fail to reach such agreement within 10 Business Days of the date of the Arbitration Notice, then the arbitrator will be appointed by the President for the time being, or his or her nominee, of the Arbitrators' and Mediators' Institute of New Zealand Inc.
- (c) The arbitration will be conducted as quickly as possible and, as far as is practicable, the arbitrator will issue his or her award within four months of his or her appointment. When determining the procedure and scheduling of the arbitration, the arbitrator will take this time period into consideration.

**15.7 Continuation and termination**

Pending resolution of any Dispute, each party will:

- (a) make all reasonable efforts to resolve the Dispute promptly and in a manner which minimises any impact on the Services, Deliverables and the Industry Body's business; and
- (b) continue to perform its obligations under the Agreement as far as is practicable as if the Dispute had not arisen.

However, nothing in this clause 15 will limit or restrict the ability of either party to terminate the Agreement in accordance with its terms.

**16 TERMINATION**

**16.1 Termination for the Service Provider Default**

The Industry Body may terminate the Agreement with immediate effect, by notice to the Service Provider, if any one or more of the following occur:

- (a) The Service Provider commits a Serious Breach and:
  - (i) the breach is capable of being remedied;
  - (ii) the Industry Body has given the Service Provider notice of the breach stating that the Industry Body regards that breach as material; and
  - (iii) the Service Provider has failed to remedy the breach within a period of 15 Business Days, or such longer time as may be:
    - (A) specified in that notice for remedying that breach; or
    - (B) agreed in a Remedial Plan for that breach;
- (b) the Service Provider commits a Serious Breach, and that breach is not capable of being remedied;

- (c) the Industry Body has given the Service Provider three or more notices under subclause (a), regardless of whether any of the breaches associated with those notices are remedied;
- (d) there is a change in Control in relation to the Service Provider without the prior consent of the Industry Body, however, this subclause does not apply:
  - (i) during any period while the Service Provider is listed on any stock exchange; or
  - (ii) to any transfer of shares in any of the Service Provider's holding companies, or to any change in Control of those holding companies, that takes place during any period while that holding company is listed on any stock exchange;
- (e) the Service Provider has a Conflict of Interest that is so material as to have an adverse effect on the Services or the Industry Body's business, provided the Industry Body has in good faith used reasonable endeavours to agree with the Service Provider how to avoid that adverse effect; and/or
- (f) the Service Provider is placed in receivership, or wound up, or goes or is put into voluntary administration, liquidation or any other form of insolvency administration (other than for solvent amalgamation or reconstruction).

The Industry Body will have no other right to terminate or cancel the Agreement or any part of it, except as expressly set out in the Agreement.

#### **16.2 Termination for Force Majeure**

Either party may terminate the Agreement with immediate effect, by notice to the other party, if the other party claims it is subject to an event of Force Majeure, and that event prevents (or has prevented) the other party from performing a material obligation or providing a Service or Deliverable for a continuous period of more than 30 days.

#### **16.3 Termination by the Service Provider**

The Service Provider may terminate the whole of the Agreement immediately by notice to the Industry Body:

- (a) if the Industry Body fails to pay the Service Provider any undisputed amount that is due and owing to the Service Provider under the Agreement for more than 90 days, the Service Provider has given notice to the Industry Body of that breach stating the Service Provider's intention to terminate the Agreement if such payment is not made within the timeframe specified in that notice (which will not be less than 5 Business Days from the delivery date of that notice), and the Industry Body fails to make that payment within that timeframe;
- (b) if the Industry Body wilfully breaches its obligations under the Agreement in relation to the Service Provider's Intellectual Property or Confidential Information, and the Industry Body has not taken all reasonable steps to remedy that breach within 15 Business Days of the Service Provider giving notice to the Industry Body requiring that breach to be remedied; and/or
- (c) if the Industry Body is placed in receivership, or wound up, or goes or is put into voluntary administration, liquidation or any other form of insolvency administration, other than for solvent amalgamation or reconstruction or following any assignment under clause 19.3 (Assignment).

The Service Provider will have no other right to terminate or cancel the Agreement or any part of it, except as expressly set out in the Agreement.

#### **16.4 Early Termination Charges**

- (a) The following costs may be invoiced by the Service Provider, and will be paid by the Industry Body, if the Service Provider terminates the Agreement in accordance with

clause 16.3 (Termination by the Service Provider) or the Industry Body terminates the Agreement in accordance with clause 2.4 (Convenience Termination):

- (i) **Breakage Costs.** Any costs (such as the Service Provider's own redundancy costs, and costs payable for early termination of contracts entered into by the Service Provider prior to receipt of the termination notice) incurred by the Service Provider directly as a result of the termination of the Agreement which:
    - (A) would not have been incurred had the Agreement continued to the natural expiry of the then current Term;
    - (B) relate directly to the termination of the Services;
    - (C) are unavoidable, proven, reasonable, and not capable of recovery;
    - (D) are incurred under arrangements or agreements that are consistent with terms that have been entered into in the ordinary course of business and on reasonable commercial terms;
    - (E) do not relate to contracts or subcontracts with the Service Provider's Related Companies; and
    - (F) do not relate to any period beyond the natural expiry of the then current Term.
  - (ii) **Unrecovered Costs.** Any costs incurred by the Service Provider in the performance of the Agreement
    - (A) to the extent such costs remain to be recovered through the Charges, at reasonable amortisation rates; but
    - (B) excluding all associated internal costs of financing, working capital or overheads.
- (b) The Service Provider must use all reasonable endeavours to minimise and mitigate the early termination charge, including by:
- (i) the appropriation of assets, employees and resources for other purposes. If such assets, employees and resources can be used for other purposes then there will be an equitable reduction in the Breakage Costs and Unrecovered Costs payable by the Industry Body; and
  - (ii) in relation to contracts entered into with third parties, termination by the Service Provider of those contracts at the earliest possible date without breach or where contractually permitted, and, where required by the Industry Body, assigning such contracts to the Industry Body or a third party acting on behalf of the Industry Body.
- (c) The amounts payable under this clause will be reduced or extinguished to the extent that the Service Provider has already received the Charges or the financial benefit of any other remedy given under the Agreement or otherwise, so that there is no double counting in calculating the relevant payment.
- (d) Any dispute as to the amount of the Breakage Costs and Unrecovered Costs may be referred to Expert Determination.
- (e) The amounts paid in accordance with this clause are in full and final settlement of any claim, demand and/or proceedings of the Service Provider in relation to any termination by the Service Provider in accordance with clause 16.3 (Termination by the Service Provider) or the Industry Body in accordance with clause 2.4 (Convenience Termination), other than a claim, demand and/or proceeding to recover

any unpaid Charges that are owed to the Service Provider, and the Service Provider will be excluded from all other rights and remedies it would otherwise have been in respect of any such termination.

**16.5 Rights to Survive Termination**

The expiry or termination of the Agreement will be without prejudice to the rights of the parties accrued up to the date of such expiry or termination. During the Disengagement Period, the terms of the Agreement will continue in full force and effect, except where the context requires otherwise. In any case, clauses 1, 5, 6, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 and 19 will continue indefinitely notwithstanding any termination or expiry of the Agreement.

**17 DISENGAGEMENT**

**17.1 Disengagement Plan**

On request in writing by the Industry Body from time to time (no more than once per year other than during the Disengagement Period), the Service Provider will prepare or update a plan describing the activities, resources and Charges required in connection with any Disengagement Services that may be required under the Agreement (the **Disengagement Plan**). If the Disengagement Plan or any update to the Disengagement Plan has not been completed by the Service Provider and approved by the Industry Body (such approval not to be unreasonably withheld) within 2 months of request by the Industry Body, then:

- (a) either party may give notice referring the matter to the parties' Business Owners for resolution, and each party will use reasonable endeavours to ensure that those representatives meet promptly thereafter with a view to agreeing the contents of the Disengagement Plan;
- (b) where the matter has not been resolved within 1 month of referral under subclause (a):
  - (i) subject to paragraph (ii), the Disengagement Plan will be either:
    - (A) the last proposed update of the Disengagement Plan submitted by the Service Provider for the Industry Body's approval, with such amendments by the Industry Body as are reasonably necessary to cure any unreasonable provisions or omissions in the version submitted by the Service Provider; or
    - (B) if the Service Provider has not submitted any proposed update of the Disengagement Plan, the then-current Disengagement Plan with reasonable changes prepared by the Industry Body to take into account any subsequent changes to the Services or Deliverables; and
  - (ii) either party may, at any time within 2 months of referral under subclause (a), refer the determination of the Disengagement Plan to Expert Determination.

**17.2 Disengagement Period**

The Industry Body must give notices to the Service Provider specifying the start and end dates of any Disengagement Period (each a **Disengagement Notice**). The Disengagement Period must:

- (a) be no longer than 12 months;
- (b) continue for no longer than 7 months after the effective date of the termination or expiry (as applicable); and
- (c) end no earlier than the effective date of the termination or expiry (as applicable).

The Industry Body may extend any Disengagement Period with the Service Provider's prior written agreement (not to be unreasonably withheld) provided each extended

Disengagement Period meets the requirements of this clause. In any event, the Disengagement Period will be extended to the extent required for the Service Provider to complete the Disengagement Services.

### 17.3 **Disengagement Services**

During the Disengagement Period in respect of any termination or expiry, and regardless of the reason for the termination or expiry:

- (a) the Service Provider will provide such assistance as the Industry Body requests, in order to achieve the orderly and seamless transition of the Services to the Industry Body and/or its nominated third party provider, with minimal disruption to the Industry Body's business;
- (b) in particular, the Industry Body and the Service Provider will each perform their respective tasks and responsibilities as required under the Disengagement Plan, subject to any changes reasonably necessary given the scope of the Services and the duration of the Disengagement Period;
- (c) in addition, the Service Provider will, to the extent requested by the Industry Body and reasonably necessary for an orderly and seamless transition of the Services to the Industry Body and/or its nominated third party provider, with minimal disruption to the Industry Body's business:
  - (i) provide the Industry Body or its nominated third party provider with:
    - (A) copies of the latest releases of the Application, Website and/or scripts for the configuration and implementation of the Allocation System in the hosting environment, in object and Source Code format;
    - (B) copies of such versions of the Application Data as are reasonably required by the Industry Body (including any backup copies held by the Service Provider), in an open format reasonably required by the Industry Body;
    - (C) appropriate training and knowledge transfer in relation to the Services; and
    - (D) such other information, assistance and co-operation as the Industry Body or its nominated third party provider may reasonably require;
  - (ii) sell to the Industry Body or its nominated third party provider at book value any assets which are owned by the Service Provider or its Related Companies and exclusively used by the Service Provider to provide the Services; and
  - (iii) arrange for the transfer of ownership of all hosting environment accounts to the Industry Body or its nominated third party provider, and provide the Industry Body with all administrator information (such as login information) necessary for someone of reasonable competence within the Industry Body or its nominated third party provider to fully operate the hosting environment.

### 17.4 **Continued Service Provision**

- (a) Subject to subclause (b) below, the Service Provider will continue to provide the Services and Deliverables in accordance with the terms of the Agreement, and the terms of the Agreement will continue to apply, during the Disengagement Period.
- (b) Notwithstanding the termination or expiry of the Agreement, the Services will reduce over the Disengagement Period, in accordance with the Disengagement Plan or alternatively (at the Industry Body's option in each instance) by the Industry Body giving notice of ceasing to require any particular component of the Services, so that by the end of the Disengagement Period, the Service Provider is no longer providing any Services.

- (c) Any fixed or periodic components of the Charges will be reduced by a reasonable proportion to reflect any such phased reduction in the Services, and by the end of the Disengagement Period those Charges will cease altogether.

**17.5 Return of Property**

Subject to clause 17.6, on or before the expiry of the Disengagement Period each party will:

- (a) return or destroy (at the other party's election) all Confidential Information and Intellectual Property in its possession or control and belonging, leased or licensed to the other party, and will confirm to the other party that it no longer holds or controls the same (to the extent that such material comprises computer records, the party obliged to return it will deliver a useable electronic copy of such records to the other party in an open file format reasonably requested by that other party); and
- (b) return all physical property in its possession or control and belonging to or leased by the other party, and will confirm to the other party that it no longer holds or controls the same.

**17.6 Retention of Information**

The party returning Confidential Information and Intellectual Property under clause 17.5:

- (a) may retain and (to the extent necessary for such retention) use any Confidential Information and Intellectual Property for such period as is reasonably required in order for that party to:
  - (i) enforce or take the benefit of any rights arising under or in connection with the Agreement and surviving termination or expiry;
  - (ii) resolve any Dispute in progress or reasonably anticipated as at the expiry of the Disengagement Period; and/or
  - (iii) comply with any Laws;
- (b) may retain any Confidential Information or Intellectual Property:
  - (i) of or owned by that party (even if originally provided by the other party); or
  - (ii) in respect of which that party continues to have a licence under clause 9 (so long as that licence is in force); and
- (c) in the case of the Service Provider, may retain and (to the extent necessary for such retention) use all backup copies of the Application, Website and Application Data, provided that such items remain the Industry Body's Confidential Information at all times.

**17.7 Termination of Allocation Agent Appointment**

The Service Provider's appointment as Allocation Agent under clause 3.1 (Allocation Agent Appointment), will be revoked by the Industry Body during the Disengagement Period, at a time of the Industry Body's choosing, on written notice to the Service Provider. To avoid doubt, this clause does not limit the Industry Body's right to terminate the Service Provider's appointment as Allocation Agent in accordance with rule 7.4 of the Rules.

**17.8 Payment for Disengagement Services**

Where the Service Provider terminates the Agreement under clause 16.3, or the Industry Body terminates under clause 2.4, the Industry Body will pay the Service Provider for all Disengagement Services performed by the Service Provider during the Disengagement Period, at the applicable T&M Rates, but excluding:

- (a) any work that could have been required as part of the other Services; and

- (b) the cost of providing the Industry Body with copies of the Application, Website, scripts for the configuration and implementation of the Allocation System in the hosting environment, Application Data, Service Data and the Industry Body's Confidential Information and Intellectual Property (other than backup copies of the Application, Website and Application Data, which may be charged in accordance with clause 17.8 (Payment for Disengagement Services)).

In any other circumstances, the Disengagement Services will be provided at the Service Provider's sole cost.

## **18 CONTRACT VARIATIONS**

### **18.1 Form of Contract Variations**

No amendment to the Agreement (**a Contract Variation**) will be effective unless it is in writing and executed by both parties.

### **18.2 Process for Agreeing Contract Variations**

In agreeing each Contract Variation the parties must follow the processes in the remaining provisions of this clause 18 (Contract Variations), provided the parties may agree a truncated process to agree a Contract Variation that is:

- (a) relatively minor (in terms of cost and impact) or urgent; and
- (b) not a material deviation from the Agreement.

### **18.3 Variation Requests**

From time to time either party may request Contract Variations (including to the Service Levels) by submitting a Variation Request.

### **18.4 Variation Assessments**

Within 20 Business Days of receiving each Variation Request from the Industry Body, and at the same time as it submits any Variation Request to the Industry Body, the Service Provider will provide the Industry Body with a report containing a detailed specification of the proposed modifications to the Agreement, which specifies how and when the Variation Request is to be implemented and, to the extent relevant, specifies:

- (a) the feasibility of the Variation Request;
- (b) the effect of implementing the Variation Request on the Service Provider's other obligations under the Agreement;
- (c) the cost implications (if any) for the Service Provider and the Industry Body, including any changes to the Charges which the Service Provider considers necessary. In considering changes to the Charges, the Service Provider will:
  - (i) ensure that the Charges for the Contract Variation:
    - (A) are directly related to the Variation Request;
    - (B) if required by the Industry Body, are based on the T&M Rates;
    - (C) are otherwise calculated based on reasonable costs and margin for the Service Provider;
    - (D) do not include any amount that is already covered by the Charges;
  - (ii) use its best endeavours to mitigate its costs relating to any Services that are no longer required as a result of the Contract Variation;
- (d) a description of any consequential material impacts or risks that the modifications may have on the Industry Body or the Service Provider;

- (e) a draft Contract Variation that would give effect to the Variation Request once agreed in accordance with clause 18.1 and which is, to the extent appropriate in the circumstances, consistent with the terms of the Agreement; and
- (f) any other information which is likely to be material to the Industry Body and/or the Service Provider in deciding whether to proceed with the Variation Request,

(each a **Variation Assessment**). The Industry Body will promptly provide the Service Provider with:

- (g) information reasonably requested by the Service Provider to prepare a Variation Assessment that:
  - (i) is, or is likely to be, material to the Variation Assessment;
  - (ii) is held or controlled by the Industry Body; and
  - (iii) the Industry Body is permitted to provide to the Service Provider; and
- (h) such reasonable assistance as is necessary in the circumstances to enable the Service Provider to prepare the Variation Assessment.

#### 18.5 **Report Responses**

The Industry Body will review each Variation Assessment within 15 Business Days of receiving it, and respond advising the Service Provider whether the Industry Body:

- (a) accepts the Variation Assessment, in which case both parties will sign the Contract Variation included in the Variation Assessment;
- (b) requires further information on or minor updates to the Variation Assessment, in which case the Service Provider will promptly (and in any event within 5 Business Days or such other period as the Industry Body and the Service Provider agree) provide to the Industry Body the information or updates required by the Industry Body;
- (c) wishes to negotiate the Variation Assessment, in which case the Industry Body and the Service Provider will use their best endeavours to negotiate and agree the Variation Assessment as soon as is practicable (and in any event within five Business Days), and the Service Provider will provide to the Industry Body an updated Variation Assessment that incorporates the agreed draft Contract Variation promptly upon the Industry Body and the Service Provider reaching such agreement; or
- (d) rejects the Variation Assessment, in which case no further action is necessary,

or if no such response is made by the Industry Body, it will be deemed to have rejected the Variation Assessment.

#### 18.6 **Agreeing Variations**

- (a) A party will not unreasonably refuse to accept any Variation Request or sign any Contract Variation. Unreasonable refusal includes:
  - (i) imposing unreasonable impacts, consequences, conditions or requirements, and/or demanding unreasonable Charges, to undertake the Variation Request;
  - (ii) imposing an unreasonably long timetable for implementation of the Variation Request; and
  - (iii) unreasonably delaying its agreement to the Variation Request.

- (b) If a Contract Variation is not agreed within two months following a party's initial Variation Request in relation to that Contract Variation, that party may refer the matter to Expert Determination.
- (c) If the Dispute is so referred to Expert Determination, the following will apply in addition to clause 15.4 (Option for Expert Determination):
  - (i) Each party's written submissions to the expert under subclause 15.4(b)(iii) must include the terms on which it would agree the Contract Variation (each an **Offer**). Each party's Offer may be amended by that party, on written notice received by the expert before his/her final and binding determination.
  - (ii) The expert will choose the Offer that the expert considers is the fairest, and must not "split the difference" between each Offer. The fairness of an Offer:
    - (A) will be determined by reference to the requirements of clause 18.4(c);
    - (B) will take into account:
      - the costs, benefits and risks of the Contract Variation to each party; and
      - each party's knowledge and resources;
    - (C) will not take into account:
      - the fact that another supplier would have to become familiar with the Industry Body or the Services;
      - any discount that another supplier might offer below its normal competitive charges to displace the Service Provider as a supplier to the Industry Body; or
      - any discount, rebate or other arrangements of this type that may exist between the Industry Body and the Service Provider; and
    - (D) may take into account (if relevant) equivalent services and deliverables available from alternative suppliers, and the terms on which those services and deliverables are usually made available.

#### 18.7 **Possibility of No Contract Variation**

For the avoidance of doubt, if a party does not reasonably consider a Variation Request to be technically, legally or commercially practicable, that Party's Offer may be to not have any Contract Variation.

#### 18.8 **Cost of Variation Process**

Subject to each party's responsibility to pay any expert fees in accordance with clause 15.4 (Option for Expert Determination), each party will bear its own costs in relation to the process for agreeing any Contract Variation. Where a Variation Assessment is complex, difficult or not straightforward, then the Industry Body will pay the Service Provider's reasonable costs associated with the preparation of such a Variation Assessment that are agreed in writing by the Industry Body in advance.

### 19 **OTHER MATTERS**

#### 19.1 **Accuracy of Proposal**

The Service Provider represents that, to the best of its knowledge and belief, all information contained in its Proposal was, and is at the date of the Agreement, accurate, complete and

true in all material respects. The Service Provider acknowledges that the Industry Body is entering into the Agreement in reliance on this representation.

**19.2 Mutual Warranties**

In entering into and performing its obligations under the Agreement, each party represents to the other that, subject to any express provision to the contrary in the Agreement, on a continuing basis throughout the Term:

- (a) it has full power and authority to enter into and perform its obligations under the Agreement;
- (b) there is no other agreement, arrangement, understanding or requirement binding on it, that would prevent or impede its entry into or performance of the Agreement or that it would breach by entering into the Agreement; and
- (c) the performance of its obligations under the Agreement will not result in the breach of any statute or regulation.

**19.3 Assignment**

No party may assign, transfer, encumber or otherwise dispose of any rights or obligations under the Agreement without first obtaining the other party's consent (such consent not to be unreasonably withheld or delayed), except that the Industry Body may assign or novate all of its rights and obligations under the Agreement to any Government Agency at any time on prior written notice to the Service Provider.

**19.4 Privity**

Except as expressly provided in the Agreement, the Agreement will not and is not intended to confer any benefit on or create any obligation enforceable at the suit of any person not a party to the Agreement.

**19.5 Notices**

Any notice, consent, approval, agreement, undertaking, report or other communication given by a party for the purposes the Agreement will be of no effect unless given in writing and addressed to the recipient at the address last notified by the recipient to the other party. **19.6 Further Assurances**

Each of the parties agrees to execute and deliver any documents, including transfers of title and to do all things as may reasonably be required by the other party or parties to obtain the full benefit of the Agreement according to its true intent.

**19.7 Rights and Remedies are Cumulative**

Except to the extent the Agreement expressly provides otherwise, each right and/or remedy of any party under the Agreement is cumulative and not exclusive of any rights provided by Law or any other rights or guarantees now or hereafter held by that party,

**19.8 Legal nature of Relationship**

Notwithstanding any other provision in the Agreement, nothing in the Agreement is intended to or will imply or be construed as a fiduciary obligation, or create a legal relationship of partnership or joint venture. Except as expressly permitted by the Agreement, nothing in the Agreement gives any party any right to act on behalf of or bind the other party in any way.

**19.9 Law and Jurisdiction**

This Agreement will be governed by, and construed in accordance with, the Laws of New Zealand. Each party irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New Zealand for the purpose of hearing and determining any disputes or proceedings arising out of, or in any way connected with, the Agreement.

**19.10 No Waiver**

No failure, delay or indulgence by any party in exercising any power or right conferred on that party by the Agreement will operate as a waiver of that power or right. A single exercise of any of those powers or rights does not preclude further exercises of those powers or rights or the exercise of any other powers or rights under the Agreement.

**19.11 Entire Agreement**

This Agreement constitutes the sole and entire understanding with respect to the subject matter hereof and supersedes all prior discussions, representations and understandings, whether written or oral, express or implied.

**19.12 Severability**

Any unlawful provision of the Agreement will be amended to the minimum extent necessary to ensure that it is not unlawful and, as far as is possible, to ensure that it is consistent with the intent and effect of the provision. The remaining provisions will be enforceable as if such unlawful provision had not been included in the Agreement. If the provision is unable to be amended without materially altering the intent and effect of the provision, it will be severed, and the remaining provisions enforceable, but only if the severance does not frustrate the Agreement.

**19.13 Costs**

- 10.4 If any part of this Deed is held by any court or administrative body of competent jurisdiction to be illegal, void or unenforceable, such determination shall not impair the enforceability of the remaining parts of this Deed which shall remain in full force.
