REMINDER: Gas Transmission Workshop

Wednesday, 9 November 2016

Gas Industry Co reminds stakeholders of a workshop on **Gas Transmission** being held on **Wednesday, 9 November 2016**. If you have not already RSVP'd you can do so [here](#).

First Gas is planning to release an options paper for a single gas transmission access code on 28 November 2016. The purpose of this workshop is to update stakeholders on work that has been completed on the options paper so far, and to identify areas that may require further thought or development prior to releasing the options paper.

This joint First Gas and Gas Industry Co workshop follows an earlier workshop held in August 2016, where the proposed development process for a new gas transmission access code was outlined by First Gas. In September, Gas Industry Co released for consultation *The Gas Transmission Access – Single Code Options Paper – Part 1 (SCOP1)*. The paper provided more detail on the process for developing that new transmission code. It discussed Gas Industry Co's role in the development process, proposed a regulatory objective, and canvassed previous work relevant to designing new transmission services.

Workshop Details

When	12.00 to 3.00pm, Wednesday 9 November 2016 (Lunch will be available)
Where	Gas Industry Co, Level 8, The Todd Building, 95 Customhouse Quay, Wellington
