

Welcome to Gas Industry Co's *News Bulletin*, a periodic advisory of new and current consultations, workstream developments, publications and presentations.

In this issue:

- Gas Transmission Access Code (GTAC) Workshops
- REMINDER: Gas Industry Co 2017 Annual Co-regulatory Forum

Gas Transmission Access Code (GTAC) Workshops.

Stakeholders have recently provided submissions and mark-ups on the 11 September draft GTAC. First Gas is currently considering these and plans to release another draft GTAC on Friday 3 November for further stakeholder submissions and mark-ups.

On Thursday 9 November, First Gas will present the 3 November draft GTAC, explaining how it has responded to stakeholder feedback. On Friday 10 November, stakeholders and First Gas can begin to workshop the remaining issues. The following Friday, 17 November, stakeholders and First Gas can complete their GTAC review. Details for these workshops can be found below. Please RSVP accordingly.

Stakeholders' mark-ups on the 3 November draft GTAC are required by 24 November. First Gas anticipates that these mark-ups will address legal (rather than design) matters. So stakeholders may wish to consider whether their legal advisers should also attend the First Gas presentation and/or the subsequent workshops.

Please note that as the 17 November is also the date of Gas Industry Co's AGM, the workshop that day will end promptly at 3.00pm.

Further information on the GTAC can be found on Gas Industry Co's website [here](#).

Teleconference	Details to be confirmed.

REMINDER: Gas Industry Co 2017 Annual Co-regulatory Forum

Gas Industry Co would like to remind industry stakeholders of the Company's annual Co-Regulatory Forum being held on Friday 24 November 2017.

Each year at this time, we commence development of our Statement of Intent, in this case covering the financial years 2019-2021. This includes establishing:

- a Work Programme for FY2019, with indicative activity for the subsequent two years.
- Work Programme costs for FY2019, which are principally funded through market fees under gas governance rules and regulations and through annual Levy Regulations.

Our co-regulatory model relies on industry input in developing the Statement of Intent. In past years, we have found early engagement with stakeholders on strategic and work priorities to be invaluable, and we again seek your input into the forthcoming planning round. This commences with the Co-regulatory Forum, following which we will publish a formal *Statement of Proposal* with opportunity for stakeholders to make written submissions.

If you have not done so, please RSVP accordingly.

FORUM DETAILS

Date	Friday 24 November 2017
Time	10.00am to 12.30pm
Venue	Gas Industry Co, Level 8, The Todd Building, 95 Customhouse Quay, Wellington
RSVP	Please respond to Alison O'Connor by Friday 17 November 2017

We look forward to seeing you and/or your representatives at the Forum.
