

Welcome to Gas Industry Co's *News Bulletin*, a periodic advisory of new and current consultations, workstream developments, publications and presentations.

**In this issue:**

- Second Revised Gas Transmission Access Code (GTAC) workshop action points list available.
- September Quarterly Report released.
- Annual Co-regulatory Forum reminder.

## Second Revised Gas Transmission Access Code (GTAC) workshop action points list available.

Following the workshops held on 9, 10 and 17 November, First Gas has released a list of action points – available [here](#). These action points will be completed before the final version of the GTAC is sent to Gas Industry Co on 8 December 2017.

First Gas welcomes any comments or additions to the action points list by close of business **Tuesday 21 November 2017**.

First Gas reminds stakeholders that submissions and mark-ups on the *Second Revised Draft GTAC* released on 3 November are due by **5.00pm, Friday 24 November 2017** using the tabular form document suitable for marking-up. Submissions can be made [here](#).

## September Quarterly Report released.

Gas Industry Co's September 2017 *Quarterly Report* is available on our website [here](#). Among other items, we highlight the progress around the development of the new Gas Transmission Access Code.

## Annual Co-regulatory Forum reminder.

Gas Industry Co reminds stakeholders of the Company's annual Co-regulatory Forum being held on Friday 24 November 2017. If you have not done so, please RSVP accordingly.
