

Capacity Workshop questions

Please complete and email to Ian Wilson, ian.wilson@gasindustry.co.nz by **5pm Thursday 26 August 2010**.

| QUESTION | COMMENT |
|---|---------|
| Q1: Do you consider that industry codes need to promote competition | |
| Q2: Do you consider that existing Vector access arrangements are damaging competition in: (i) the retail gas market, and (ii) the wholesale gas market? | |
| Q3: Do you consider that the annual review of the VTC should allow for changes to be made if existing arrangements are damaging competition? | |
| Q4: Do you consider that an urgent change to the VTC is required to improve competition? | |
| Q5: Do you consider that it is preferable to change the code through the existing code change provisions or through regulation? | |
| Q6: Do you consider that there are risks to your organisation if an urgent change is implemented? If so, please specify. | |
| Q7: Do you consider that there are options to improve competition in the short-term that were not canvassed at the 18 August 2010 workshop? If so, please specify. | |
| Q8: Are there any other factors relevant to the short term issues that you believe GIC should consider? If so, please specify | |
