

MEMORANDUM

TO: GTAC Stakeholders
 FROM: First Gas
 DATE: 21 August 2018
 RE: Block 2 Outputs Materials Summary

This memo summarises the materials provided following the GTAC workshops held on 7 to 9 August as recorded in the Draft minutes issued by the GIC on 17 August. It is intended as guide to the materials provided for quick reference. The materials marked as ‘issued for consultation’ will be open for formal consultation until 3 September 2018. If stakeholders wish to submit, submissions should be made to First Gas through the GIC website. Stakeholders will have an opportunity to comment directly on the drafting at the Drafting Review Workshops on 4 to 6 September 2018.

	Supporting Memo		Workstream	Actions on Position Reached
1	D+1 Provisional Data	2.4	Allocation methods (upstream and downstream)	Way forward on provision of provisional D+1 data provision.

	Supporting Memo		Workstream	Actions on Position Reached
7	Peaking Peaking – Appendix 1 Peaking – Charging Example	2.2	Peaking	Peaking regime drafting issued for consultation.

Other points discussed at the workshops have been addressed as follows.

		Action
		August 7
2.5	Metering Requirements	2.2.3 A metering requirements change process will be included in the metering requirements. New metering requirements should be based on consultation with the industry.
		August 8
4	Liabilities	4.3.1 First Gas to consider adding First Gas to the definition of an RPO (alongside shippers and interconnected parties) Consideration of adding TSO to definition of RPO alongside shippers and IPs has been discussed and treated in the Liabilities memo and drafting issued 15 August.
3.5	Confidentiality	2.3.1 First Gas to consider the process for consulting with parties on First Gas’s right to disclose confidential information. This issue will be included in the discussion of confidentiality during the workshop on 23 August.

Alongside this material we have also released an updated version of the GTAC. This is accompanied by a response to the GIC’s Drafting Comments memo issued on 28 March 2018. While we understand that this was not intended in the workplan, we feel that this will be a useful reference for stakeholders. This is issued as a support only and we do not seek comment on this document at this point.
